

## BULLETIN

ATTN: **All Total Door Distributors & Sales Representatives**

DATE: **August 2, 2018**

RE: **Total Door Systems 2018 Pricing**

---

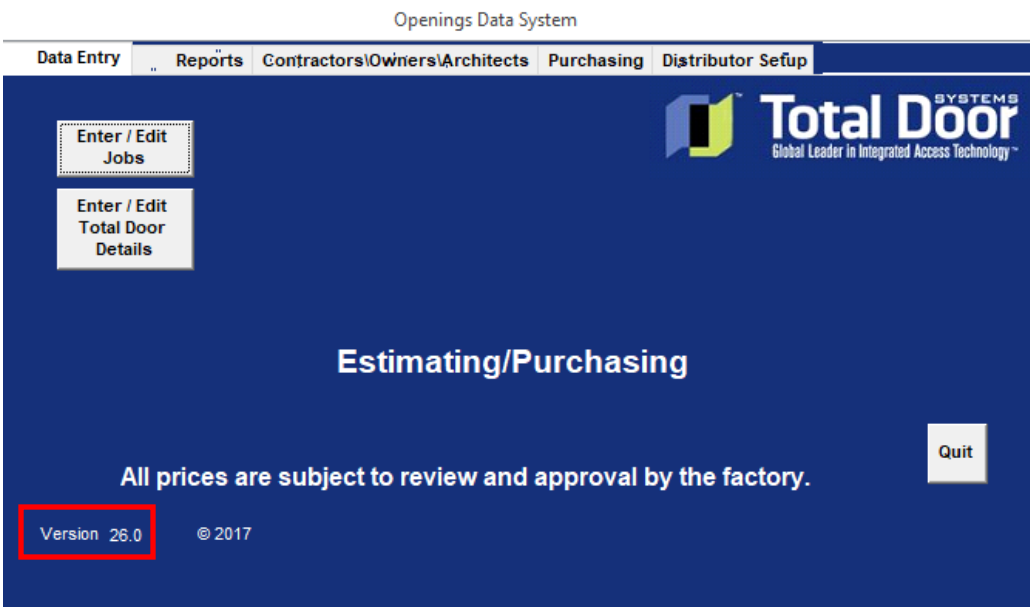

Effective September 1, 2018 there will be an 8% price escalation for all Total Door customers. This new pricing structure will apply to Door and Parts orders and will supersede all other price lists. Pricing will be honored on all factory issued quotes through their expiration date. Orders will be scheduled on a first received basis & must be shipped on or before October 31, 2018. Requests for delayed shipments will result in the order being invoiced to include the 8% escalation.

**If you are using the Total Door Estimating program you will need to add a percentage to the total of the quote. You should request a factory approval for your quote.**

**Version 26.0 – add 8%**

**Version 25.0 – add 13.4%**

(if you are using any other version, please contact the factory before quoting)
